## “ADSCON 2010”

**The 5th National Conference on Day Surgery was recently held in Nagpur. I present to you a brief.....**

For the first time, the national conference of The Indian Association of Day Surgery was hosted in the Orange city of Nagpur. The over whelming response to the conference was heart warming. The media took up the concept of One Day Surgery and covered the conference events for two days, in the front pages of all the leading news papers! Including local TV news channels!

The conference was well attended, we had almost 190 registrations and a presence of 160+ delegates at any given time. We can only say that the concept is well liked and interest is spreading.

Scientific deliberations saw National Faculty like Dr. D. D. Gaur, Dr. M. G. Nariani, Padma Shri Dr. Ashok Gupta, Dr. M. M. Begani, Dr. Kishore Adyanthaya, Dr. Sangeet Gawhale and Myself.

Locally, stalwarts like Dr. N. K. Deshmukh, Dr. T. R. Row, Dr. V. B. Deshmukh, Dr. Mukund Thakur, Dr. Devendra Sortey, Dr. Pravin Gupta, among others, made a very broad and interesting interaction. Dr. N. K. Deshmukh, delivered the Oration, he highlighted the fallacies in understanding Day Care Surgery and emphasized the importance of clarity in the concept, so that the patient safety and right message is spread to every patient.

Day Surgery is slowly evolving into a separate entity, was very clear from the speech of the Chief guest Dr. S. Mukharjee, a medico turned IAS officer, Chairman of Nagpur Improvement Trust. There is a tremendous potential and urgent need for it in our health care system, was repeated by him.

The pre-conference Faculty dinner was a musical evening, with doctors belting out old and new songs to the tune of professional musicians. It was a way to create an informal atmosphere, where, the Organising committee welcomes the Faculty and Delegates.

Please enjoy....
